

Take-Out Meals: Have you filled in your survey?

By Mable Hastings
Special to The Record

The Missisquoi North Volunteer Centre (CAB) in cooperation with many partners is surveying the needs of residents in the municipalities of: East Bolton, Eastman, Saint-Etienne-de-Bolton, South Stukely and Potton to determine if local residents are in need of a take-out meals service in the area.

The service would be aimed not only

at the elderly population but the general public as well. If such a service was created, it would also promote regional products and create jobs in the area.

People are encouraged to fill out the questionnaire and can do so in a variety of ways. On line at:

<https://www.surveymonkey.com/s/RepasPrepares> or go to the CAB site at: www.cabmn.org

You may also call the Missisquoi

North Volunteer Centre at: (450)-292-3114 and a volunteer will call you back to fill out the survey over the phone. Be reminded that the Volunteer Centre has a new phone system and you may be asked to leave a message. Be assured in doing so that someone will call you back.

With a wide region to cover stretching all the way from Potton to Eastman, a group has formed to study the best

way to offer some type of service; not only for the elderly but for the general public as well. The service must be sustainable, affordable and meet the needs as stated by those who fill out the survey.

The need for a service of this sort has been raised before. The input from the public is vital and if you are living in any of these areas, you are encouraged to fill out the questionnaire.
