

ABOUT TOWNSHIPERS'

Next YES coaching sessions

Artists and business owners, gain confidence and clarity from coaching sessions with YES Montreal! Townshippers' Association is proud to partner with YES to bring experienced business coach, Coby Ingham, to our Sherbrooke and Knowlton offices once a month for one-on-one sessions to help give you the competitive edge.

Artists; coaching can help you develop your entrepreneurial side when it comes to marketing yourself and your works or finding grant outlets. Entrepreneurs; gain insights, tools, and strategies to ensure you are a thriving business owner.

Once you open a file with YES — for a one-time cost of \$20 — you'll have access to advice, guidance, and resources. Book your appointment today for March 24 or April 26 at Townshippers' Lac-Brome office, 584 Knowlton Road, by contacting Maggie Severs at 450-242-4421 or msevers@townshippers.org.

Free Legal Information Clinic wrapping up

If you have legal questions, there is still time to get answers before the free Legal Information Clinic wraps up for the season. The service will close on April 5, 2016, and re-open in September.

Working from Townshippers' Sherbrooke office, third-year Université de Sherbrooke legal students volunteer one day a week answering general legal questions for the Townships' English-speaking community. This free, confidential service is open to everyone. As research is required to ensure you are given information that suits your needs, questions cannot be answered right away, it usually takes a week or two to process questions.

TOWNSHIPERS' ASSOCIATION

Whether you are an artist looking for ways to market your crafts or an entrepreneur ready to take your business to the next level, a one-on-one meeting with business coaching from YES Montreal may be your game changer.

Nancy Ly will be in the office every Tuesday until April 5. To reach her please call 819-566-2182 (toll free 1-877-566-2182) or e-mail legalinfo@townshippers.org. Pets Of The Week — Shorty And Mika

Hi from Shorty — I'm the taller golden guy and I'm six years old! May I present my very, very close best friend Mika! She is shorter and a bit older than me (and a bit overweight, if I might comment) with short, brindle fur and white chest and toes. Her life has been tougher than mine recently — a litter of puppies not too long ago and a skin disease — which makes her eyes look kind of funny in this photo! Did I mention that we are here because our owner died? Now things are looking a lot brighter for us: we have both been sterilized and Mika's skin is clearing up (good care here!).

We are the most happy, cheerful, welcoming, positive, loving pair you could ever meet! Joy just exudes from our faces — but the one, and only one problem, is that we cannot be separated! This is not

just some romantic, sentimental human perception of us — lots of dogs arrive here in pairs and get adopted successfully to separate homes — but it seems we just cannot be out of each other's sight! When we are together, happiness and peace reign. Do you know anyone who could help two nice, gentle spirits?

Our home since the first week of February is at the SPCA Montérégie, 178, ch. du Vide, Ste-Angèle-de-Monnoir (exit 37 on autoroute 10). Adoption hours are 2-4 p.m. on Thursdays and Saturdays. There are so many great dogs and cats living here with us — check out our website for photos and more info!

intergenerational exchange. The eldest member of the group was 93.

Approximately 40 people, including project participants, partners, and family members, attended the e-book presentations held at the Chartwell Residence. The event was a great success,

showcasing e-scrapbooks that will allow many memories and life experiences to be preserved in a multi-media format and shared with family and friends.
