Hydro-Québec rate freeze and reimbursement coming

Record Staff

Following the adoption of Bill 34, an Act to simplify the process for establishing electricity distribution rates, customers will benefit from a rate freeze beginning April 1, 2020.

Also, due to a surplus accrued by Hydro Quebec under the previous rate system, about \$500 million dollars will be issued to customers who were Hydro-Québec account holders in 2018 or 2019, years during which the amount accumulated.

The amount issued to customers will be established based on their electricity consumption between Jan.1, 2018, and Dec. 31, 2019.

Residential customers will receive an average of about \$60, though the exact amount issued to each customer will be known in January 2020.

Customers who are still account holders between the end of January 2020, and April 1, 2020, will see a credit applied to their bill.

For those who were account holders in 2018 or 2019 but who are no longer Hydro-Québec customers, a cheque will be issued between the end of January 2020 and December 31st, 2020.

To receive their cheque, anyone who is no longer a Hydro-Québec customer must get in touch to update their address. Information on how to apply for the credit is available online at www.hydroquebec.com/credit-en or by calling 514 385-7252 or 1 888 385-7252.

Important security message

Hydro-Québec never communicates with its customers by text message. Customers are encouraged to be vigilant and not to click on any links in messages purported to come from the company.

Potton's annual Festival of Hearts

PHOTO: MABLE HASTINGS

As part of the Festive Hearts Month in Potton, the Annual Winterfest Family Fun Day is always a highlight.

By Mable Hastings

The Municipality of Potton is proud to announce its calendar for this year's Annual Festival of Hearts month held each year in February! The month long list of heart healthy activities encourages all to keep their hearts healthy while keep their bodies moving.

"This is always a special time of year and it would not be possible without our devoted collaborators and our dedicated volunteers," explained Trish Wood, Potton Community Organiser.

Every Saturday in February Snowshoe

Excursions with Potton's Heritage Association will take place. Come and discover the beautiful winter landscapes of Potton and join a guided excursion. Outings planned for all fitness levels for ages 13 years and up on these morning excursions. For all details regarding excursions including meeting locations, times and variable costs, please visit: pottonheritage.org Information: Janine Sourdif 450 292-3780
