Potton welcomes new firefighters

THE SCOOP MABLE HASTINGS

The Municipality of Potton is no stranger to exemplary services provided by its Firefighter and First Responder team. The evolving services and efforts to keep Potton and area residents safe and the well-being of the local communities served is what motivates this department and is at the heart of all they do.

The Municipality recently introduced the community to two new members of its staff team who are working in the Fire Department. Meet firefighters, Carine Daoust and Gabriel Morin who have been on duty since Feb. 13. They will always work together to ensure the best response time to emergencies. Carine is likely no stranger to the community as she has been a resident of Potton for the past two and a half years. She has also been a Potton firefighter for a year and a half and in addition to her part-time job as a firefighter, she also works in web development. Carine is motivated and hopes to make a real difference in the community and to have a positive impact in helping people. She and Gabriel have already started doing

prevention visits and she appreciates the warm reception that they have received from the community. The support shown by the Fire Chief, James Bouthillier whose efforts to provide the firefighters and first responders with adequate equipment to maximize the safety of the citizens has been appreciated.

Gabriel Morin comes from Laval and is familiar with our area since he is an outdoor enthusiast and loves the local landscape. He obtained his diploma in vocational studies (DEP) in fire safety. When he isn't working in fire safety in Potton he works for a rescue company in Granby. Gabriel appreciates the warm welcome he received when he arrived at the Fire Department. He is grateful for the opportunity to serve

the community and to demonstrate his knowledge and professionalism in regards to his mandate.

This is a determined team and they are hoping to surpass the objectives of the present Fire Safety Cover Plan. Doing home visits from sector to sector while working on the organization, planning of tasks and maintaining the equipment are all part of their job. These young firefighters are dedicated to saving lives and preventing fire hazards.

The Municipality of Potton extends a warm welcome to Carine and Gabriel.
